High School Student Waiver Application

Both sides of this form must be completed in full before student will be able to register for classes.
All high school students must apply for a waiver to university policy to attend KPC. High school students are restricted to a maximum of seven credits per semester, and course selection is restricted to 100--299 level courses only.
Check the appropriate waiver program for your grade level below:

_____**JUMPSTART for High School Seniors: for students with high school Senior status ONLY**

_____**High School Junior Status and Below: for students in grades 9, 10, and 11 ONLY**

Student's Name: _____ High School:_____

SSN:_____--_____--_____ Date of Birth: _____/_____/_____ Age:_____ Gender: M F

Student Address:_____

Student Phone #:_____ Name of Parent/Guardian:_____

I understand and agree to comply with the following policies:

JUMPSTART for High School Seniors only: High school seniors are allowed to take up to six credits at a discounted tuition cost of $47 per credit, plus any fees and textbooks required. Seniors may take up to seven credits total per semester, but only the first six credits are eligible for the Jumpstart discount. The Jumpstart discount cannot be used for more than three semesters (Summer, Fall, & Spring), regardless of the number of credits per semester for which the student registers. If a student who has completed the junior year of high school wishes to attend summer classes at KPC, the student may apply for the JumpStart waiver program. Students wishing to register for more than seven credits will be evaluated on a case-by-case basis by the KPC counselors.

High School Junior Status and Below (grades 9, 10, 11): Junior status and below students are not eligible for the discounted-tuition Jumpstart program. KPC instructors and counselors are not required to allow high school juniors and below into college courses and may request to meet with the high school student and/or a parent. Students with an academic level below 9th grade are not eligible for the High School Student waiver program to take KPC courses. When this form is complete, juniors and below will need to obtain the KPC course instructor or Department Chair signature first, then the KPC Counselor's signature, before being allowed to register.

All High School Students: KPC reserves the right to deny or discontinue the enrollment of a high school student at any time, under the policies as written in the KPC Bulletin and the UAA catalog that address the numerous reasons for which high school (or "secondary school") students may be denied a waiver, or have a waiver revoked; either for a specific course, or for enrollment status overall. I have discussed this program with my high school counselor. I understand that if my waiver is approved, I will be an officially enrolled student at KPC and am subject to, and must comply with, all regulations pertaining to my enrollment and classes, including the Student Code of Conduct and the policies for high school students as stated in the KPC Bulletin and/or UAA catalog. I also give permission for the school district to access my records for the purpose of verifying enrollment.
