- V. President's Report:
- VI. Teresa: Spoke with chancellor Case on the 25th, and some of the things that were discussed were mandatory advising. This would make it so a student would have to see an advisor before they can start a class, therefore making sure they are on the right track towards their degree. Also in the works is a module to make appointments with advisors, as well as training for bullying. Trick or Trunk on the 26th went well.
- **VII. Housing Authority: Josh** Dance preparations are going well. Sexual Trivia at the Hall went well. We are planning on having a gingerbread house contest in December. Also, please spread the word that we are looking for more residents.
- **VIII. Paramedic Association: Johnny** Still do not have a phone number for registration will have later this afternoon, to put on the flyer for advertising the CPR class.
