**Interested in contributing to scholarships, or establishing a new scholarship?**

### CONTRIBUTE TO AN EXISTING SCHOLARSHIP FUND

Contributions can be made to existing endowed or restricted funds at any time. This is a significant way of honoring a person, or showing support for the values they express through the scholarship criteria. The KPC

Advancement department can help the donor review existing scholarship funds.

Gifts of all sizes are always welcome.

### ESTABLISHING A NEW SCHOLARSHIP

**ENDOWED SCHOLARSHIP:** “Endow” means that KPC/UAA, working with the UA Foundation, will invest the gift so that investment earnings will generate funding to accomplish the stated purpose. In the case of endowed scholarships, gifts are invested and scholarships are awarded from the interest earned, therefore preserving the principal of the account in perpetuity. This is the most long-term, monumental form of scholarship support. ENDOWED SCHOLARSHIPS are established with a minimum of \$25,000. The KPC

Advancement department coordinates with the donor to determine selection criteria and the name of the fund via the UA Foundation Gift Agreement Form.

**NAMED, RESTRICTED SCHOLARSHIPS** are established with a minimum of \$5,000. Restricted scholarships are smaller funds which are NOT invested, but donated directly into scholarships; if a fund is not replenished by additional gifts, the fund will be closed. In general, Foundation funds are designed for long term, repeated donations. The KPC Advancement department coordinates with the donor to determine selection criteria and the name of the fund via the UA Foundation Gift Agreement Form.

**ALL SCHOLARSHIPS:** The UA Foundation has a required minimum award amount of \$500 per academic year, and a minimum GPA of 2.0. No scholarship can specify a REQUIREMENT for a student of a specific ethnicity or gender.

## **SCHOLARSHIP DEVELOPMENT CRITERIA**

Please define the criteria (listed below) that you would like KPC's Scholarship Committee to use to award your scholarship. Note: Donors should be encouraged to remember that making a scholarship too restricted can sometimes make the scholarship difficult or impossible to award consistently.
