MINING AND PETROLEUM TRAINING SERVICE

MAPTS provides a variety of training programs and worker certification classes, as well as pre- and post-employment training for a variety of employers and agencies in the resource industries. They also provide professional training and development, design and evaluation, as well as consulting services. MAPTS moved to a new facility at the Kenai River Campus in August 2007 and has an office at the UAA University Center in Anchorage.

2007-2008

Welcome to Kenai Peninsula College!

KPC delivers a private college experience at a public university cost at the Kenai River Campus in Soldotna, Kachemak Bay Campus in Homer, Resurrection Bay Extension Site in Seward and the Anchorage Extension Site. We also offer non-credit training through the Mining and Petroleum Training Service (MAPTS), the largest such training provider in North America. With its statewide mission, MAPTS has trained more than 50,000 individuals since 1979, and also provides training to clients in Russia and Aruba.

We are the University of Alaska Anchorage presence on the Kenai Peninsula and strive to provide the best educational value for your dollar anywhere. Our student population is as diverse as our course offerings, and we're always adjusting our courses to meet the needs of the Kenai Peninsula community.

Our faculty and staff are top notch, student-oriented professionals who will do their utmost to make your educational experience a rewarding one. We pride ourselves on small classes, outstanding student service, personal attention from our faculty and staff and a warm family-like atmosphere.

As part of the community campus system of the University of Alaska Anchorage, we aspire to become a frontier of learning, creativity and discovery--a university of first choice in Alaska and the Pacific Northwest. To those of you who have yet to visit one of our four locations, we encourage you to check us out and take a class or two. For those who are not strangers to our classrooms, welcome back.

KPC/UAA is an AA/EEO employer and educational institution.

KENAI RIVER CAMPUS

Located on the banks of the Kenai River on more than 300 wooded acres and with an enrollment of about 1,500 students each semester, you will find a real sense of community on this campus. Small classes, individual attention, and highly qualified faculty give the campus a private college feel.

KACHEMAK BAY CAMPUS

Commanding a beautiful view of Kachemak Bay and Cook Inlet, KPC's Kachemak Bay Campus serves as the focal point of the college's programs and services on the southern Kenai Peninsula. KBC offers a variety of degree programs and life enrichment courses. KBC's caring and warm faculty and staff make everyone feel welcome at this special place on the Peninsula.

RESURRECTION BAY EXTENSION SITE

KPC delivers classes to the eastern Peninsula community of Seward and outlying communities via our extension site. Expert adjunct faculty in Seward offer both general education courses and community interest classes.

ANCHORAGE EXTENSION SITE

KPC delivers classes in the Anchorage area at UAA's University Center complex. The AES offers degree programs in process technology, industrial process instrumentation, and occupational safety and health. There is also a satellite office of MAPTS-- Mining and Petroleum Training Service--within the AES.
